Home (index.html) / FUSION HD

The Compact, Affordable, Turnkey In-Car-Video Solution

Install or move between vehicles quickly and easily.

Contact Us

ALL HD, ALL THE TIME.

FUSION HD captures HD video with every recording, eliminating the need for officers to select video quality on a case-by-case basis. Additionally, high profile encoding means you always get smaller file sizes to make the most of your storage.

RUGGED DESIGN

Built from the ground up and certified to meet military specifications, COBAN's rugged solution is designed to withstand the harsh conditions police vehicles encounter in the field.

Product Details:

- Premium passenger side mount package for 2013-2016 Ford Interceptor Utility & 2011-2015 Ford Explorer (retail)
- Premium PKG-PSM package includes a heavy-duty vehicle specific base plate, heavy-duty pole with height adjust handle, swing arm motion device with tilt-swivel and stability support arm.
- By bundling all of the necessary parts in one sku we have simplified the ordering process.
- The heavy-duty vehicle specific mounting base mounts to existing OEM seat bolts for easy installation (C-HDM-153)
- Heavy-duty height adjustable poles bolt to the vehicle specific base. precision machined parts eliminate metal-to-metal contact and allow for smooth movement during height adjustment. (C-HDM-202)
- Swing arms with motion adapters are ideal for computer usage from both the driver and front passenger seats. (C-MD-102)
- Side support arms add upper pole support for premium top level stability. (C-HDM-401)
- Packages are complete and you must order as-is. there will be no substitutions on any parts.

DETAILS | RESOURCES | RELATED PRODUCTS

MSRP: [redacted]

Quantity: 1 $ ADD TO QUOTE

** Visit How to Buy for personalized pricing information.*

Product Details:

- Havis universal laptop mount
- Non-electronic tray adjustable to fit and secure a large variety of laptop models
- Easy to use and customize to fit your computing needs
- Two sets of hold-down lugs provided to accommodate a wide range of laptop heights
- Thin profile maximizes space inside your mobile workplace
- Integrated mounting points for the addition of power supplies and rugged communication hub
- Strain relief holes provided to allow for safe and secure connectivity of peripherals
- Rounded corners and edges are ideal for your safety in accidents and airbag deployment, in addition to daily use and operation of universal laptop mount.
- Easy to use latch handle makes certain your computer is safe and secure inside your vehicle.
- Lock and key supplied for peace of mind theft deterrence.
- Optional screen stiffener part number SS-UT-X
- The UT-101 will bolt directly to the following motion devices - C-MD-202, C-MD-204, C-MD-102, C-MD-107 and C-MD-109
- C-ADP-101 is needed for attaching a UT-101 to a C-MKM-101, C-MKM-102, C-UMM-101 or C-DMM-100 Series
- Configure Your Computing Device

Specifications:

- Compatible computer sizes: width - 11.472" (29.1 cm) to 14.192" (36.1 cm), depth - 9.250" (23.5 cm) to 11.000" (27.9 cm), height (with short lugs) - 0.665" (1.7 cm) to 1.265" (3.2 cm), height (with tall lugs) - 1.265" (3.2 cm) to 1.865" (4.7 cm)
- Four (4) hole mounting hole pattern with 1/4-20 threads, 2.125" x 2.125" (54 mm x 54 mm) center to center
- Testing & certifications: RoHS, crash tested up to 30 mph
- Dimensions: 13.2" (33.5 cm) x 11.2" (28.4 cm) x 2.5" (6.3 cm)
- Product weight: 4.3 lbs. (2.0 kg)

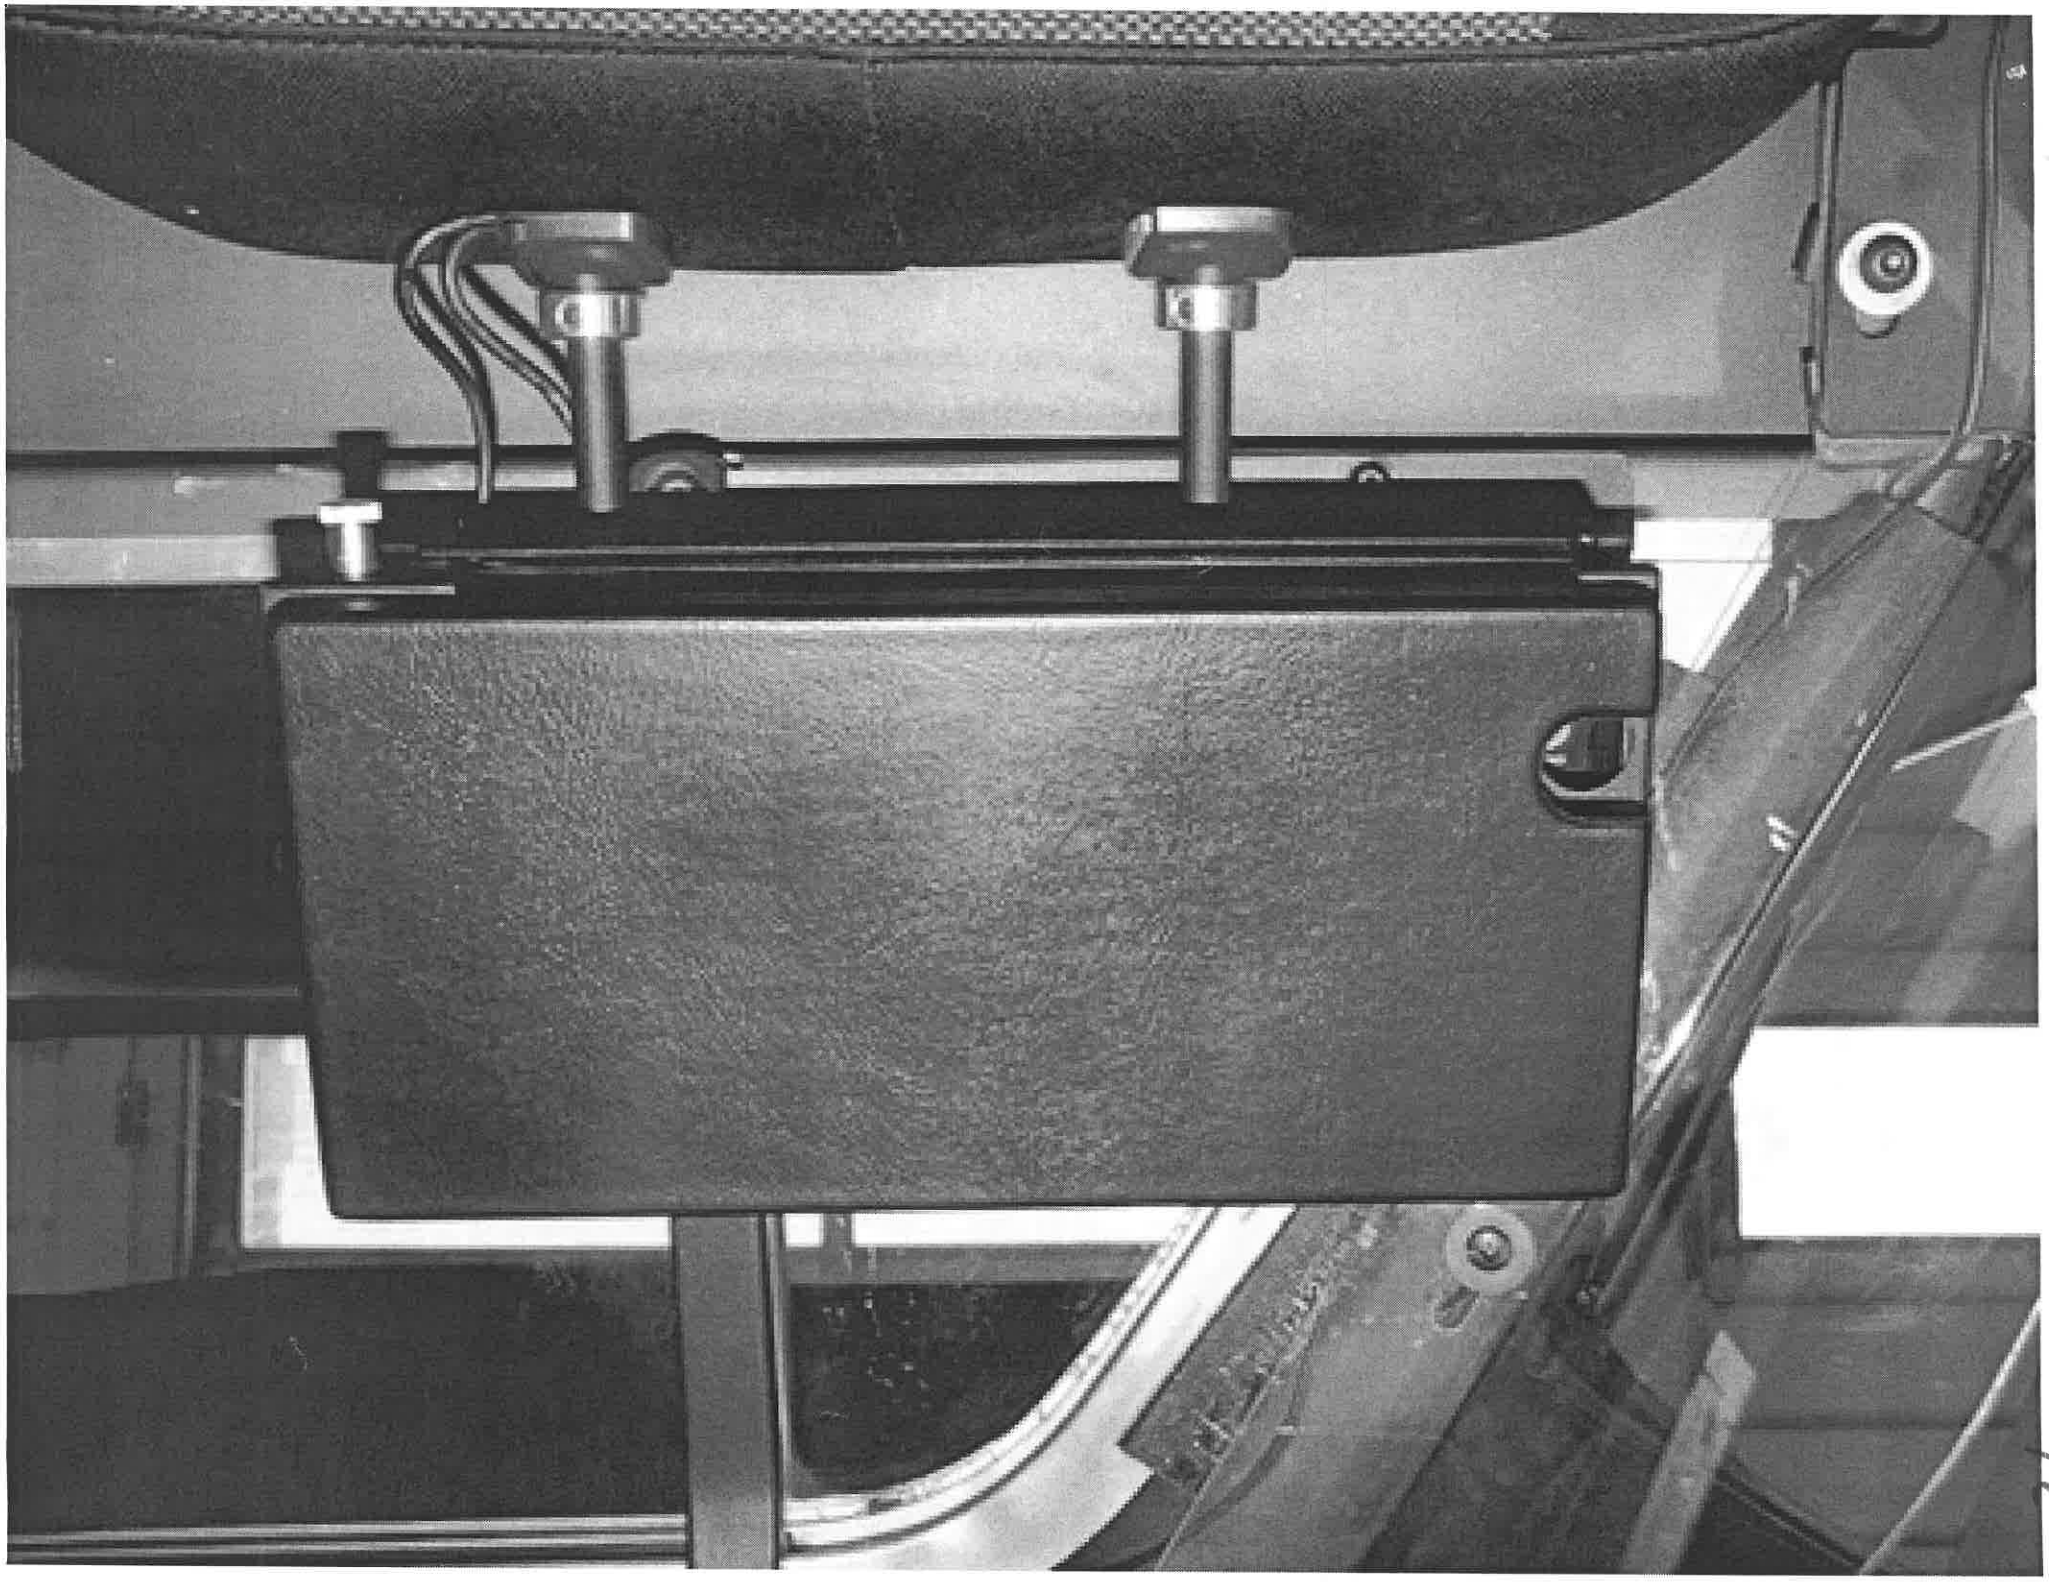
DESCRIPTION | REVIEW | VIDEOS

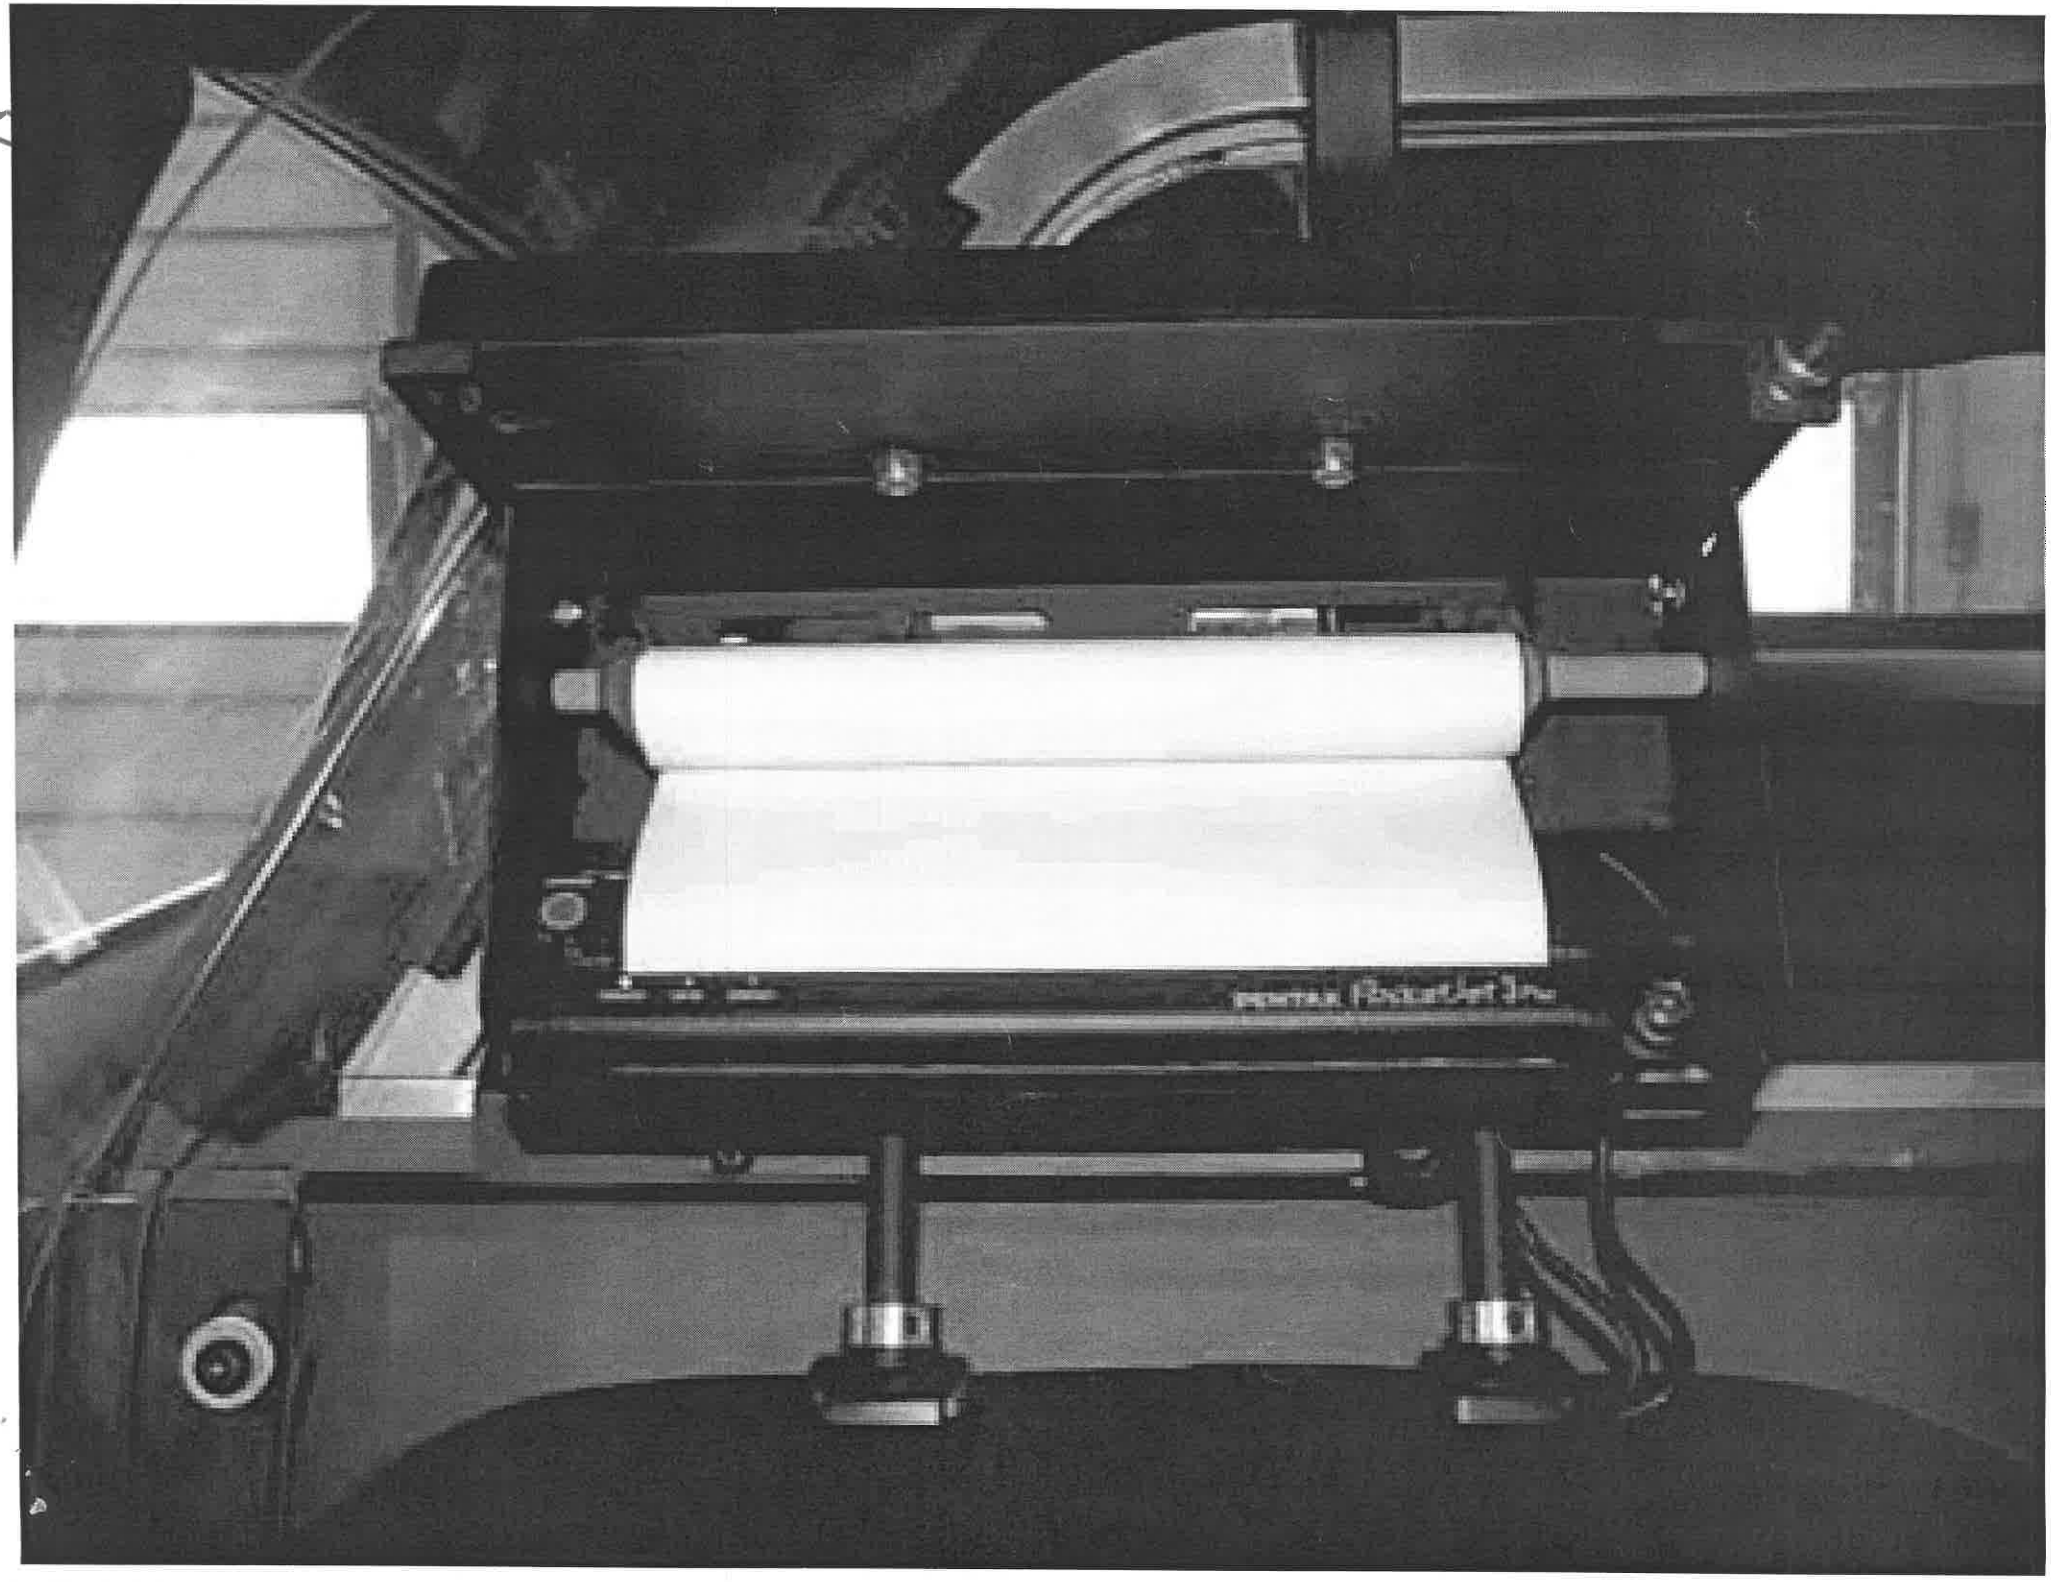
PRODUCT DESCRIPTION

Pentax pocketjet printer armrest, was designed specifically with public safety in mind. Our printer armrest, combined with the Universal VHR mount(UVHR), is currently offered to fit almost all patrol vehicles equipped with a removable adjustable head rest. If that total mounting solution does not suit your needs, then we have designed a unique pedestal mount that can join with nearly any console base as well. If your agency is looking for a durable and effective printer mounting solution then look no further. These products were designed for public safety by someone in public safety!

buysafe INSPECTED & MONITORED GUARANTEED

- Compatible with all Brother thermal printers.
- Each kit includes all parts needed for assembly.





Pro-cell Prisoner Transport System

Pro-gard PRODUCTS LLC.

P1000 Half Cage Shown in Dodge Charger

15

Pro-gard™ PRODUCTS LLC.

Pro-gard's patented **Pro-cell Prisoner Transport Systems** maximize space in both the driver and prisoner transport areas. Our easy to clean, fully enclosed systems provide protection against biohazards and hiding of contraband.

Pro-cell Prisoner Transport System

P1000, Half Cage, Single Prisoner Transport

P1500, Half Cage, w/ Full Roll Bar Single Prisoner Transport

P1826, Full Cage, Dual Prisoner Transport

Features of Pro-cell Prisoner Transport Systems

- **Patented, fully enclosed, single or dual prisoner transport cells** - each system includes:
  - (1) Partition
    - Securely separates the prisoner transport area from the front of vehicle
    - Airbag compatible filler panels
    - Durable, powder coated steel construction
  - (1) Polycarbonate Divider Panel
    - ⅝" thick, clear polycarbonate
    - Ventilation holes are shielded to prohibit hiding contraband
    - Attaches to partition and seat preventing panel from flexing
  - (1) ABS Prisoner Transport Seat
    - ABS construction is durable and easy to clean
    - Increases prisoner leg area over OEM seats
    - Hard seat sits snuggly against divider panel, inhibiting stashing of contraband
    - Choose either the standard, straight back design or contoured back design seats
  - (1) Cargo Barrier*
    - Polycarbonate Window style
    - *Comes with SUV Pro-cells only
  - (1) ABS Floor Pan
    - ABS construction is durable and easy to clean, compartment can be hosed out
    - Drain hole liners deter fluids from flowing back underneath floor pan
  - (2) Rear Seat Window Armor
    - Eliminate prisoners kicking out rear windows
    - Pre-drilled holes installs in minutes to the interior, rear door frame
    - Rugged Steel Bars made of durable, black powder coat finish
  - (2) Rear Seat ABS Door Panels
    - Eliminates prisoner access to window controls
    - Prevents prisoner from pulling off interior door handles or opening door from inside
    - Eliminates crevices and cracks of OEM door panels where contraband can be hidden
- **Easy to clean construction** - minimizes concerns of biohazard contamination
- **Division of rear seat area** - provides additional officer storage space behind driver's seat
- **Optional vertical, dual or single, gun rack mounting option,** full cage has optional space saver, recessed panel
- **Choose either single or dual prisoner transport systems**
  - **P1000 ½ Cage, Single Prisoner Transport**
    - Half partition design
    - Full Recline and full travel of driver's seat
  - **P1500 ½ Cage, Single Prisoner Transport**
    - Half partition with full roll bar design
    - Full Recline of driver's seat
  - **P18260 Full Cage, Dual Prisoner Transport**
    - Full partition design
    - Full travel of driver's seat
    - Ideal for transporting two prisoners at the same time
- **Patented, airbag compatible filler panels that flex under the force of airbag deployment**
- **Maintains visibility of prisoner during transport**

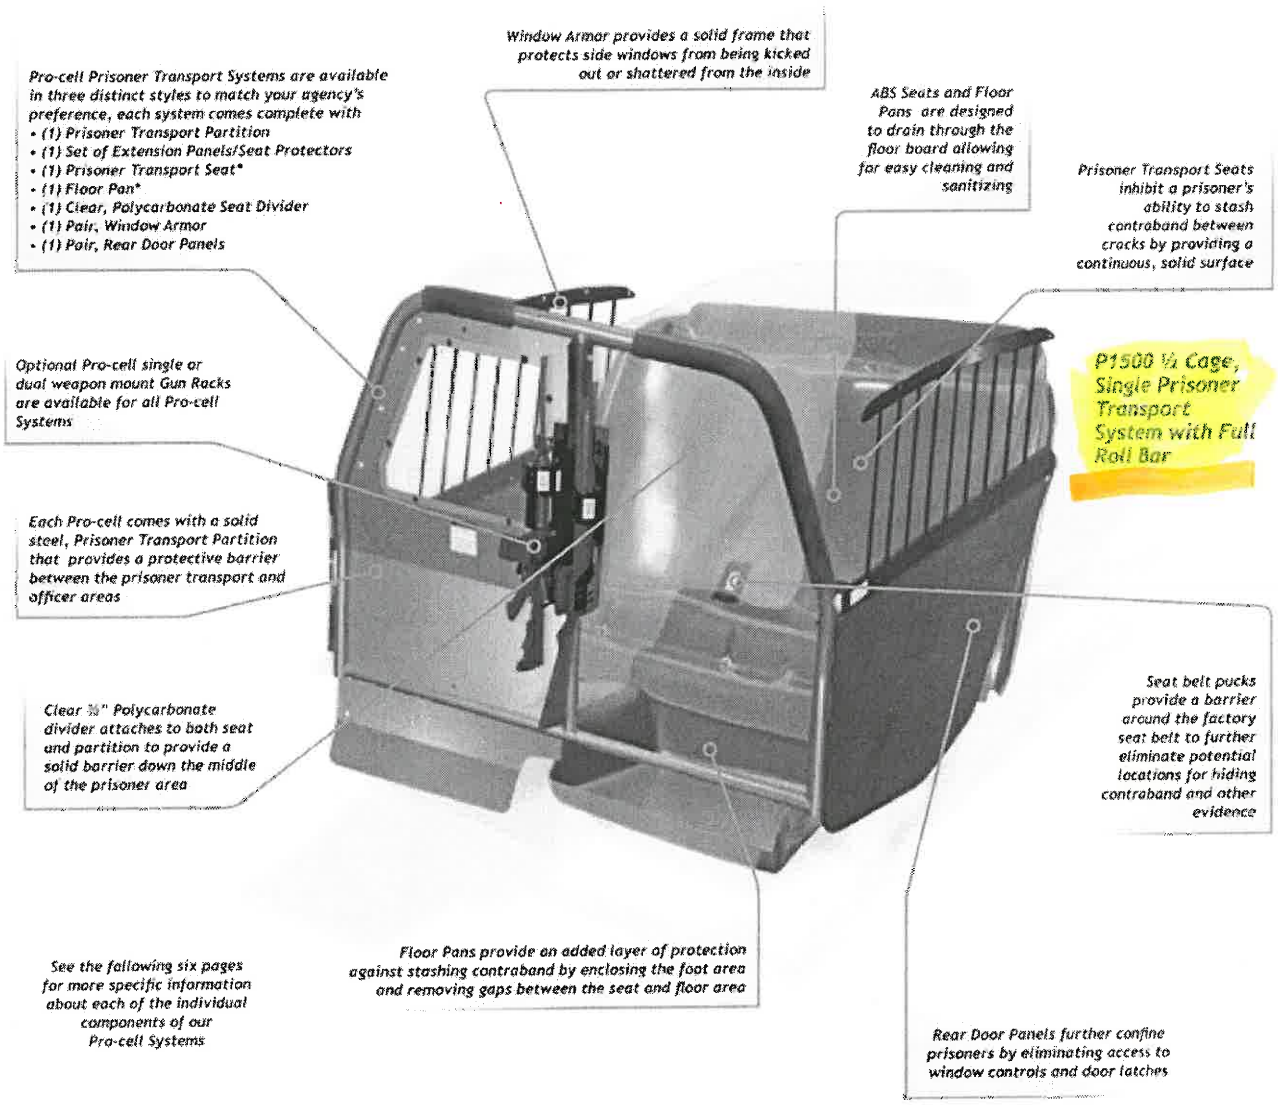
GUN RACKS

9650 East 148th Street • Noblesville, IN 46060 • P: 800.480.6680 • sales@pro-gard.com • www.pro-gard.com



Pro-cell Prisoner Transport Systems are available in three distinct styles to match your agency's preference, each system comes complete with
• (1) Prisoner Transport Partition
• (1) Set of Extension Panels/Seat Protectors
• (1) Prisoner Transport Seat*
• (1) Floor Pan*
• (1) Clear, Polycarbonate Seat Divider
• (1) Pair, Window Armor
• (1) Pair, Rear Door Panels
Window Armor provides a solid frame that protects side windows from being kicked out or shattered from the inside
ABS Seats and Floor Pans are designed to drain through the floor board allowing for easy cleaning and sanitizing
Prisoner Transport Seats inhibit a prisoner's ability to stash contraband between cracks by providing a continuous, solid surface
P1500 ½ Cage, Single Prisoner Transport System with Full Roll Bar
Optional Pro-cell single or dual weapon mount Gun Racks are available for all Pro-cell Systems
Each Pro-cell comes with a solid steel, Prisoner Transport Partition that provides a protective barrier between the prisoner transport and officer areas
Clear ⅜" Polycarbonate divider attaches to both seat and partition to provide a solid barrier down the middle of the prisoner area
Seat belt pucks provide a barrier around the factory seat belt to further eliminate potential locations for hiding contraband and other evidence
See the following six pages for more specific information about each of the individual components of our Pro-cell Systems
Floor Pans provide an added layer of protection against stashing contraband by enclosing the foot area and removing gaps between the seat and floor area
Rear Door Panels further confine prisoners by eliminating access to window controls and door latches

Product Details:

- New generation Idleright system is designed to reduce engine wear, greatly extending the service life of vehicles
- Ideal for vehicles that run light bars for extended periods of time while the vehicle is parked
- System is designed to reduce fuel consumption, greatly reducing operation expenses up to 80%
- New universal approach works with existing aftermarket starter technologies
- Installation is greatly simplified, reducing cost and complexity
- IR-1002 system is compatible with aftermarket remote starters that are equipped with a negative or positive "activation input". some manufactures for reference: Avital, Clifford, Python and VIPER.
- Not compatible with vehicle manufacturer (OEM) remote start systems.
- Contact your remote start installer to determine if a interface module is available for your specific vehicle. if interface is not available, then an additional aftermarket remote start system is required.
