

DETAILED SPECIFICATIONS FOR NEW VEHICLES

GENERAL: It is the intent of these specifications to describe new and unused model miscellaneous vehicles of the manufacturer's latest design and model in current production.

Bidder shall specify make and model of the vehicle he proposes to furnish, and must submit with his bid the manufacturer's latest published specification sheet and advertising literature describing the unit bid with color charts.

The unit bid shall meet these specifications without modification to the standard production model except for the addition of optional equipment specified.

Bidder shall list on a separate sheet of paper any and all variations from, or exceptions to, these specifications regarding the proposed equipment. Any variations or exceptions shall be listed in the same order as the bid specifications to facilitate accurate study of the bid proposals. If the equipment differs from these specifications, such differences must be explained in detail and the bid will receive careful consideration, if such deviations do not depart from the intent of these specifications and are in the best interests of ESSEX COUNTY. The equipment offered in the bid shall be equal to or exceed these specifications.
